Subject: Final version of the NESHAP subpart W report (combined BID/EIA)

Reid, Val, and Jeffery,

Attached is the final report on subpart W activities. The report constitutes our deliverable for Work Assignment 2-03 in total and subtask 2A for Work Assignment 2-04. This is a combined BID/EIA for subpart W. I have attached a file called (clean edited docx) so you can readily see all the changes that have been incorporated in this total document since January 10th. Please let me know any last minute minor changes you need in the next few days. I will then issue the final report in publishable format in accordance to the contract and task requirements.

Val and Jeffery,

(b)(5) - Deliberative Process Privilege

Val,

We are glad to hear you are back on this project as the active WAM. Your support and feedback to us in the past has proved invaluable. Again, thank you all for your continuing support.

Harry

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
